Geophysical survey

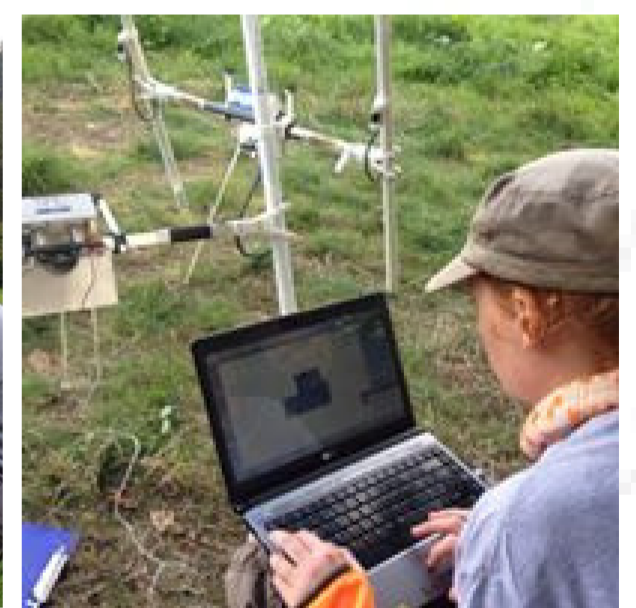

North Devon Coastal Heritage

Explore conserve celebrate our historic environment

Investigating Bucks Mills ancient earthworks

9:30am-4pm

Wednesday 22nd May

Join the experts for a hands-on archaeological survey...

- *free event
- *places limited

Prior experience is not essential, training and support will be provided

What's involved?

Geophysical survey is used to record the presence of archaeological remains below the ground without the need for excavation. Volunteers will be able to assist by setting out grids and by using the survey instrumentation. This work will help us to better understand this previously unrecorded ancient monument.

For further information and to book a place, please get in touch with Joe Penfold, email: joe.penfold@devon.gov.uk or call: (01271) 388644
